3. The maker team has not yet met. They discussed a grant for some libraries coordinated by TADL for circulating maker kits for the library's collection. The MMLL maker kits are for programming use by member libraries.

4. The group discussed potential use of the extra state aid money (just under \$16,000) and agreed that half should go to the Mini-Grant program and half should be spent on audiobooks for Up North Digital, to be put in the MMLL Advantage Plus account (which is in process of setup) so that MMLL library patrons will get priority use should there be a holds list. David Diller (Glen Lake), Tracy Logan-Walker (Cadillac), and Cindi Place (Bellaire) stepped up to select audiobooks in the OverDrive marketplace for purchase and placement in the MMLL Advantage Plus account. These titles, once purchased, will be available to patrons in the Up North Digital consortium.
